

## End of Year Project: Video Segment

- Your group will decide to do a presentation on an event or person that we have studied this year (look at the topic list for ideas if you need to.)
- There are three positions that must be filled. Prior to going to the library you must get approval of the topic, at that time I will also want to know who will fill which position. These positions may be split among you.
- The three positions are:
  - Producer/cameraman \_\_\_\_\_
  - Expert \_\_\_\_\_
  - On-air personality/ Interviewer \_\_\_\_\_
- **Everyone** is responsible for the research information and the script.
- We will spend one day in the library doing research, one day filming the interviews with the Flip cameras, and then one more day in the library to edit the video
- You must:
  - Turn in the research worksheet
  - Turn in the Script and questions
  - Upload the video to SharePoint
